***Your PACE***

Bakersfield Program of All-Inclusive Care for the Elderly (PACE) is a combined innovative senior program and health plan that is funded and regulated by CMS. At PACE, we take pride in engaging in a collaborative model of care. Participants enrolled in PACE are provided medical coverage, an adult day care center, transportation, and personal care assistance. The participants are led by an interdisciplinary team (IDT), who review and coordinate the care of our participants. It consists of the following disciplines: center manager, medical director, clinicians, physical therapists, occupational therapists, registered dietitians, social workers, registered nurses, scheduling, transportation, home care, and activity coordinators. The goal of PACE is to maintain and extend the independence of seniors in the community. For more information, visit [BakersfieldPACE.org](http://BakersfieldPACE.org).
